**SAVIN INTRODUCES THE SAVIN 2404WD AND 2406WD**

*Versatile Wide Format Multifunction Products Deliver Advanced User Options*

**West Caldwell, NJ, July 25, 2007** – Savin today launched the Savin 2404WD and 2406WD wide format products. The new Savin 2404WD and 2406WD systems allow users to securely print, copy, scan, distribute and archive documents all from a compact unit.

The Savin 2404WD and 2406WD products bring high quality production in-house, producing crisp, clear black & white documents at 600 dpi resolution. Print copies are produced and distributed quickly with the quality of an original. By simply selecting the type of original document (text/photo, drawing or special), the Savin 2404WD and 2406WD will automatically adjust to produce sharp, clear reproductions. Users can also increase copy/scan/print productivity by editing documents or stamping them with the dates, page numbers or other data prior to filing or retrieving documents for reprinting. Additionally, handling awkward wide format documents is simple with multiple input and output choices, and changing the paper is a snap thanks to the front-loading paper roll trays and flanges, and optional paper cassette tray. Equipped with an 80 Gigabyte Document Server, the Savin 2404WD and 2406WD products also offer temporary storage for copies, prints or scans. Users can view, manage, distribute or reprint stored documents directly from their PC or at the system control panel.

To expand printing capabilities, the Savin 2404WD and 2406WD products have the choice of two controller options to meet the specific needs of businesses. The Embedded Printer Controller option maintains a small, single footprint and easily handles the most common file formats making it a simple solution for smaller architectural or engineering firms and workgroups. Simple, intuitive web printing allows users to combine documents with supported file formats to batch print a single project job document. Extensive security levels, Windows, Postscript and HDI drivers make this a simple, fast, and comprehensive printing solution. The External RW-3600 Printer Controller is another option that operates with maximum speed, advanced capabilities and the flexibility to print directly from CAD, Windows, Mac, Unix, and AS/400 operating systems making it an ideal network solution.

In order to provide excellent productive and efficient scanning options, the Savin 2404WD and 2406WD also offers two scanner options. The embedded scanner with GW architecture allows the user to preview images up to 12” by 18” prior to transmission. In addition, it features four different scanning tasks. Scan-to-Email eliminates postage and overnight costs by instantly emailing documents anywhere across the world. Scan-to-Folder converts paper copies to electronic files and stores them anywhere on the network, saving space and time. Furthermore, Scan-to-FTP sends large files quickly by bypassing the mail server, while Scan-to-URL reduces network congestion by sending a URL or NCP link instead of sending an entire file.

The second option is the RW-3600 Controller with Scan Option, which allows users to instantly view full images for editing and merging, as well as the “drag and drop” feature that enables the addition of documents to job sets anywhere in the directory. The RW-3600 Controller Scan Option can also capture metadata at the time of scanning for easy archiving and retrieval and scans to multi and single-page documents in a number of raster file formats as well as PDF’s.

More information on the Savin 2404WD and 2406WD wide format products can be found at [www.savin.com](http://www.savin.com).

## **About Savin**

With its broad line of award winning network-ready digital output systems – including full color and black-and-white digital imaging system, color and black-and-white network laser printers, and fax machines – Savin is helping businesses of all sizes become more productive and efficient. The Business Technology Association (BTA) honored Savin with two 2005 “Channel’s Choice” awards, via a nationwide poll of office equipment dealers. Savin is a brand of West Caldwell, NJ-based Ricoh Americas Corporation. For more information, visit [www.savin.com](http://www.savin.com).

## The Savin 2404WD and 2406WD Wide Format Products Specifications

<b>General Specifications</b>	
<b>Printing Process</b>	Electro-photographic printing
<b>Copying Speed:</b>	<b>2404WD:</b> 4 cpm; 2.36 ips (D-Size) <b>2406WD:</b> 6 cpm; 3.14 ips (D-Size)
<b>Warm-up Time</b>	Less than 120 seconds
<b>First Copy Time</b>	34 seconds
<b>Copy/Print/Scan Resolution</b>	600 dpi x 600 dpi
<b>Original /Copy Size</b>	Maximum: 36" x 590" (49ft) Minimum: 8.5" x 8.5" 36" x 78" bypass
<b>Multiple Copies</b>	1 to 99 (ten key input)
<b>Paper Source</b>	1 or 2 roll paper cassette drawer (optional) Paper cassette tray (optional)
<b>Standard Hard Drive</b>	80 GB
<b>Standard Memory</b>	1 GB (Shared with Copy/Printer/Scanner applications)
<b>Dimensions (WxDxH)</b>	42.5" x 25" x 22"
<b>Weight</b>	235 lbs
<b>Power Source</b>	120 V 15 A 60Hz
<b>Power Consumption</b>	1,440 Watts maximum
<b>Embedded Printer Controller (Option)</b>	
<b>Print Speed</b>	<b>2404WD:</b> 2ppm E-size SEF 4ppm D-size LEF <b>2406WD:</b> 3ppm E-size SEF 6ppm D-size LEF
<b>Print Resolution</b>	Up to 600 dpi
<b>HDD</b>	80GB (shared with Copy/Scanner applications)
<b>Supported Drivers</b>	RPCS, PS3 Emulation, HDI
<b>Supported File Formats</b>	HP-GL ½, HP-RTL, TIFF, CALS, PDF
<b>Network Protocol</b>	TCP/IP, IPX/SPX, AppleTalk
<b>RW-3600 Printer Controller</b>	
<b>PC Server Requirements</b>	External PC Server
<b>PC Requirements Operating System</b>	Windows 2000 Professional SP4, Windows XP Professional SP2 or Windows Vista
<b>PCI Interface Slot</b>	2.0 or higher x 1 with 3.3 V or 5 V auto adaptive, maximum load 5A
<b>RAM Memory</b>	Minimum 2GB for 49' printing/scanning 19.68' or less: Minimum 1024MB

<b>Hard Drive</b>	20GB free space
<b>Print Controller Speed</b>	<b>2404WD:</b> 2ppm @ A0/E size SEF 4ppm @ A1/D size LEF <b>2406WD:</b> 3ppm @ A0/E size SEF 6ppm @ A1/E size LEF
<b>File Formats</b>	HP-GL, HP-GL2, HP-RTL, TIFF Calcomp906/907, WMF, BMP, CALs(1&2), T6X, CIT, PCX, RLC
<b>Embedded Scanning (Option)</b>	
<b>Scanning Speed</b>	<b>2404WD:</b> 2 spm E-size 2.36 ips 4 spm D-size 2.36 ips <b>2406WD:</b> 3 spm E-size 3.14 ips 6 spm D-size 3.14 ips
<b>Scanner Resolution</b>	Up to 600 dpi
<b>Scan File Size</b> (Document Size same as Copier)	Email: 128-102, 400KB Email & Folder: Up to 2000MB
<b>Scanning Features</b>	Same as for copier plus Scan-to-Email, Scan-to-Folder, Scan-to-URL, Scan-to- NCP, Twain Scanning
<b>File Formats</b>	TIFF, PDF and JPEG
<b>RW-3600 Scanning (Option)</b>	
<b>Maximum Continuous Scan Speed</b>	<b>2404WD:</b> 6spm D-size SEF <b>2406WD:</b> 6spm D-size SEF
<b>Resolution</b>	150-600 dpi
<b>Scan Size</b>	8.26" x 11.6" 36" x 11.9" 36" x 19.2' with SP setting 36" x 49.2' with SP setting
<b>Scanning Features</b>	Scan to Email, Folder, SMB, FTP, NCP, Integrated Editor, Archive
<b>File Format</b>	TIFF (single/multi- page,uncompressed/G3/G4), T6X, BMP, RLC, HP-RTL, PCX, CALS 1&2
<b>Scanner Software</b>	SCANTOOL
